### AIRPORT RECORDS 10.1% PASSENGER INCREASE IN JANUARY

CASPER, WY – Casper / Natrona County International Airport announced a 10.1% increase in passenger enplanements (passengers getting on aircraft) in January compared to January of 2010. The Airport finished off 2010 with an 11.4% increase in enplaned passengers compared to 2009. “The increase in January is the 9<sup>th</sup> consecutive month of increased passengers, with 8 of those months showing double digit increases,” said Glenn Januska, Airport Manager. “We would have to go back to 1988 to find a higher January total than what was recorded last month.”
