AIRPORT RECORDS A 10.9% PASSENGER INCREASE IN JUNE 23% Increase Year-To-Date

CASPER, WY – Casper / Natrona County International Airport announced that 8,607 enplaned passengers (passengers getting on aircraft) used the Airport in June, a 10.9% increase compared to June of 2012. The June passenger total is the 17th month in a row of increased passenger traffic compared to the previous year. “While a 10.9% increase is a smaller monthly increase compared to what we have seen this year, it is one of the first months this year where we are comparing ourselves to increased seats the prior year,” said Glenn Januska, Airport Manager. “The bottom line is 846 more passengers used the Airport this June compared to last and a 10.9% increase is higher than what we we’re hearing around the Country.”
