CASPER, WY – Casper / Natrona County International Airport announced an 11.4% increase in passenger enplanements (passengers getting on aircraft) in 2010 compared to 2009. The Airport finished off the year with a 10.6% increase in enplaned passengers in December. “The increase last year means 84,988 passengers flew out of the Airport,” said Glenn Januska, Airport Manager. “With the exception of 2005, we would have to go back to 1988 to see the last time the Airport recorded a higher yearly enplaned passenger total.”
