AIRPORT RECORDS 9.2% PASSENGER INCREASE IN JUNE

CASPER, WY – Casper / Natrona County International Airport announced a 9.2% increase in passenger enplanements (passengers getting on aircraft) in June compared to June of 2011. “June was a very strong month for us,” said Glenn Januska, Airport Manager. “With Delta adding an additional flight in June and now the switch to regional jets in July along with United 5th daily regional jet flight we anticipate a very strong summer. Additionally, with Allegiant upgrading their aircraft to 166 seats from 150 seats, this could be a record setting year.” Passenger enplanements show a 3.6% increase through June compared to the same period last year.
