AIRPORT RECORDS 100,124 PASSENGER ENPLANEMENTS IN 2013
An 11.9% Increase over 2012

CASPER, WY – Casper / Natrona County International Airport announced that 100,124 enplaned passengers (passengers getting on aircraft) used the Airport in 2013, an 11.9% increase compared to 2012. For December, the Airport reported 9,439 passengers. The 100,124 passenger number, eclipsing the 100,000 threshold, is something that has not happened since 1987 when the Airport reported 108,270 total passengers. “We’re happy to have exceeded the 100,000 passenger mark,” said Glenn Januska, Airport Manager. “I see nothing but positive things happening with air service going forward.”
