AIRPORT RECORDS 105,156 PASSENGER ENPLANEMENTS IN 2014
A 5% Increase over 2013

CASPER, WY – Casper / Natrona County International Airport announced that 105,156 enplaned passengers (passengers getting on aircraft) used the Airport in 2014, a 5% increase compared to 2013. For December, the Airport reported 9,956 passengers. The 105,156 passenger number, eclipsing the 100,000 threshold for the second year in a row, is something that has not happened since 1987 when the Airport reported 108,270 total passengers. “We’re excited to have exceeded the 100,000 passenger mark again this year,” said Glenn Januska, Airport Director. “I think we are going to see more positive things happening with air service in 2015.”
