AIRPORT RECORDS A 28.3% INCREASE IN PASSENGERS IN OCTOBER

CASPER, WY – Casper / Natrona County International Airport announced that 10,013 enplaned passengers (passengers getting on aircraft) used the Airport in October, a 28.3% increase compared to October of 2013. “This is another incredibly strong passenger month for us,” said Glenn Januska, Airport Manager. “A good portion of this increase is related to the third Salt Lake City flight which started October 1st and Allegiant resuming the Las Vegas service in October this year.” The last time the Airport saw a 10,000+ passenger month was August of 1987.
