AIRPORT RECORDS A 7.1% INCREASE IN PASSENGERS IN APRIL

CASPER, WY – Casper / Natrona County International Airport announced that 7,379 enplaned passengers (passengers getting on aircraft) used the Airport in April, a 7.1% increase compared to April of 2016. "It's exciting to see an increase, our second consecutive monthly increase," said Glenn Januska, Airport Director. In March, the Airport recorded an 8.4% increase in enplaned passengers compared to March of 2016. "We are certainly not popping the Champaign corks signaling all is well with the economy, but this does seem to bode well as we look forward to the normally busy summer travel season," said Januska.
