**AIRPORT PASSENGERS INCREASE 5.1% IN JANUARY**  
***Airport Operations Increase 3.2%***

CASPER, WY – Glenn Januska, Manager of the Natrona County International Airport, announced today a 5.1% increase in total passengers for January compared to January of 2006. “While we’re happy to see an increase in our passenger numbers, we are by no means satisfied,” said Januska. “We will continue to aggressively seek additional seats in our market and upgraded equipment.”

Airport operations also increased 3.2% in January. This jump is attributed largely to an increase in commercial airline flights and general aviation aircraft activity.
