**AIRPORT ANNOUNCES SECOND NORTHWEST AIRLINES REGIONAL JET**

CASPER, WY – Casper / Natrona County International Airport (CNCIA) officials announced that effective June 5, 2008, Northwest Airlines will add a second regional jet flight to provide service between the Airport and Minneapolis, Minnesota, doubling their daily capacity.

“We’re happy to see Northwest provide this added capacity,” said Glenn Januska, Airport Manager. “Not only does the additional flight provide seats going east, but the second flight is particularly important since we see more travelers flying into Casper during the summer months.”
